

A COMMITTEE OF JEWISH FEDERATION OF SOUTHERN NEW JERSEY

## Mission

We started with a vision: Jewish women philanthropists in South Jersey pooling their resources and raising awareness on issues often unmet in the Jewish community.

A group of Lion of Judah donors formed the Jewish Women's Foundation (JWF), believing that together, we can create opportunities to bring positive change to the lives of Jewish women and girls.

Today, our mission is to provide grants for programs and services that directly benefit or are of great importance to Jewish women and girls in South Jersey and around the world. Acting as a committee of the whole, our membership endeavors to empower women as funders, decision makers, and agents for change.

## JWF Priorities

JWF funds organizations that address issues through a gender and Jewish lens. We are interested in projects that recognize Jewish women and girls as having unique needs due to both their gender and their religious and cultural heritage.

## In Partnership with JCF

JWF is a committee of the Funds Development Board of the Jewish Federation of Southern New Jersey, in partnership with the Jewish Community Foundation, Inc. (JCF).

JCF manages a giving circle for JWF, holding all assets in a professionally managed balanced portfolio.

## Jewish Women's Foundation
