

LIFE & LEGACY:

Legacy Commitments through LIFE & LEGACY™

Starting in 2014, the JCF has partnered with the Harold Grinspoon Foundation on its LIFE & LEGACY initiative to expand legacy giving in the Southern New Jersey Jewish community. Since that time, the response here has been remarkable, making our community one of the most successful out of nearly 70 participating communities across North America.

Collectively, community members signed over 600 letters of intent to indicate that they would be leaving a total of nearly 900 legacy gifts resulting in an estimated \$22 million in future endowment assets.

Ultimately, legacy gifts will spin off annual income to support designated Jewish organizations in SNJ including the Jewish Federation & its Family of Agencies, day schools, and synagogues.

We thank the following individuals for committing a legacy gift to benefit future generations:
